# Rising Talent & Independent Designers

Purchased by Maria Elena BARBATI // [mariaelena@p-s.it](mailto:mariaelena@p-s.it) #0018418103

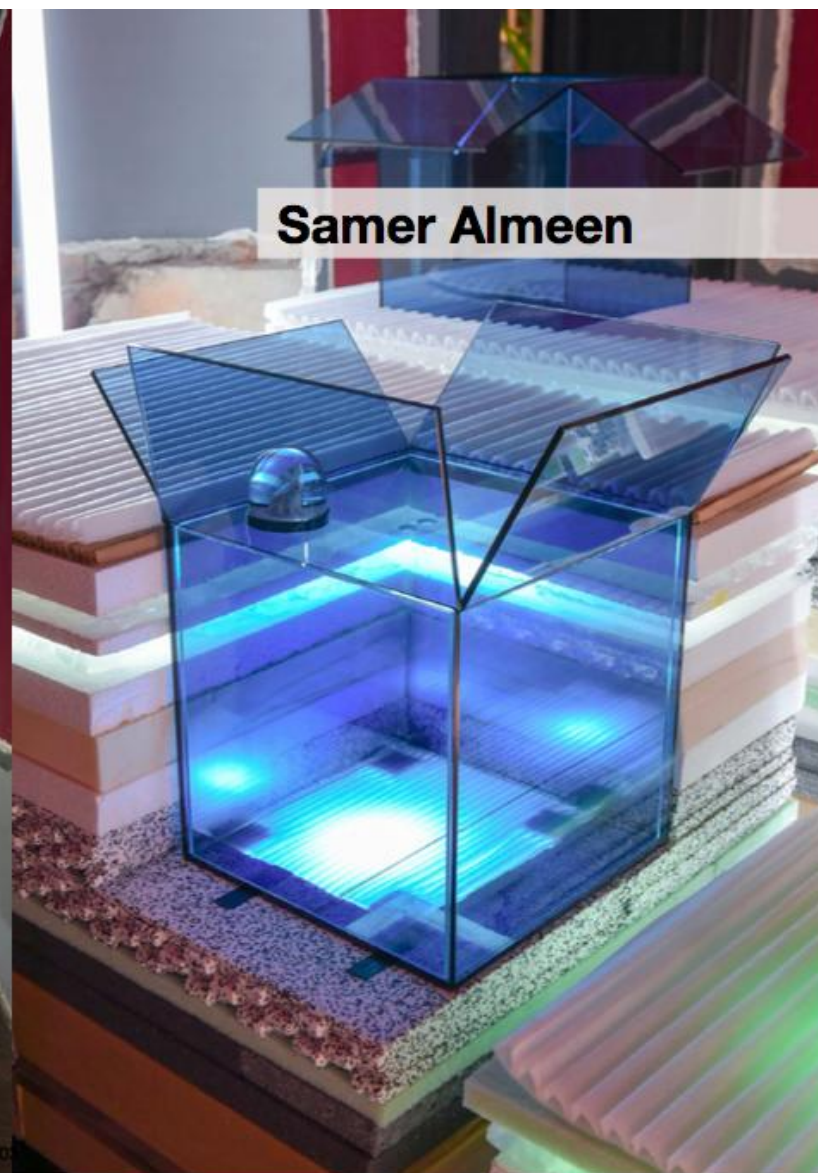

Designer Samer Almeen's 'Out of the box' tables are at once, a box, side-table and storage remedy – the pieces takes inspiration from the the humble cardboard box.

Having always been on the move between four countries, boxes have had a regular presence in Almeen's life. He explores the idea that the contents of a box can easily be forgotten, until now – given new life by putting their contents on display.
